

PRESS RELEASE  
ROCKY MOUNTAIN RACEWAY PARK  
MAY 30, 2008

### CRASH FOR KIDS

Rocky Mountain Raceway Park opened its gates Friday May 30<sup>th</sup> for a special charity event. The Rock's Crash for Kids event thrilled spectators with 4 cylinder Claimer car action, Truck Stocks and IMCA Modifieds racing on the high banked oval followed by a special charity demolition derby.

Sean Patterson of Calgary made a triumphant return to "The Rock" after missing last season to work over seas. His #75 Claimer car finished in front of the seven car field, taking home the gold.

2007 points champion Calvin Fuhrman and his #58 Chevrolet pickup, dominated the truck stock main event defeating the #21 truck of Jamie Lasseter by a full straight away.

Ten modifieds put on an exciting display of high speed driving for 25 laps. In the end, it was last season's champion #9 Roger Bonneville who captured the checkered. Veteran Bonneville showed his true sportsmanship spirit by giving his trophy back to the child who presented it to him.

The event was topped off with the Rock's "Crash for Kids" charity demolition derby. A field of seven first time drivers pulverized each other to raise funds for Big Brothers & Big Sisters. King of the mangled metal was Derik Belair of Saskatchewan with his 1977 Cadillac Deville.

Feel the rumble when "Thunder at the Rock" returns Friday June 6<sup>th</sup> with Sportsman Sprints, I.M.C.A. Modified, Truck Stocks and Part Source Hobby Stocks.
